

Blast Cabinet Updates

Upgraded Automatic Pulse Valve

Update:
 Automatic Pulse Valve is now a standard inclusion on all of the RP Cabinet Collection

Upgraded Cabinet Door Interlock System

Update:
 Pilot operated door interlock system, featuring new pneumatic interlock valves and foot pedal and colour coded red/green pneumatic tubing for ease of installation

Benefits:
 Reduced pressure drop across the blasting system, providing more efficient blasting times

Upgraded Mini Abrasive Feed Valve

Update:
 Updated to ABSS NEW Style Mini Micro Valve

Upgraded Pneumatic Foot Pedal

Update:
 Updated shrouded foot pedal to prevent accidental activation
